## TRUCK MANIFESTING

### TBA SLOTS

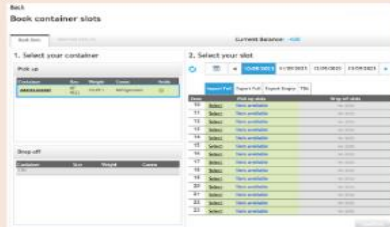

Book a double transaction using a TBA slot to make sure that the zones for both Pick Up and Drop Off are always matched.

Use a TBA slot to reserve a booking for a Drop Off container even if you don't have the container details yet.

A TBA slot can be used for an export empty or export laden containers with preadvise.

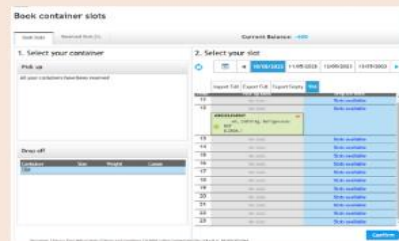

To book a TBA slot, **click the container number under the PICK UP section** and choose from the available slots. After this, **TBA will then be available under the DROP OFF section**. In case you have a back-to-back 2x20 DROP OFF transaction, you may book up to two TBA slots for every one PICK UP container.

The screenshot shows the 'Book container slots' window. On the left, under '1. Select your container', there is a 'Pick up' section with a table of container numbers. On the right, under '2. Select your slot', there is a table of available slots with columns for 'Slot', 'Zone', 'Status', and 'Action'.

Click the TBA under the DROP OFF section and choose a matching zone for the PICK UP container under the TBA Tab. Then, click CONFIRM.
