- ✓ After submitting the Manifest, **"PENDING CONFIRMATION"** will be shown as the status of your Manifest as our systems verify the details inputted.
- ✓ Refresh your browser after **1 minute** from submission of Manifest. This should change to its final status which is either OK or ERROR.
- ✓ The status of your Manifest should reflect as **"OK"** before your truck enters the terminal. If status is ERROR, **hover over the word** to check the reason for the error. Create a new manifest with new or corrected details. Do not enter the terminal until an OK status is shown
- ✓ Make it a habit to **double check the status** of your Manifest before your truck enters the terminal to prevent any delays and sanctions.
