

MICT ADVISORY

Official Manila International Container Terminal Partner
Advisory

10/26/2020

ADVISORY NO. 2020-1297

To Our Valued MICT Customers:

Please be informed that we had to temporarily suspend quayside operations at 2345H last night due to unsafe working conditions brought on by Typhoon Quinta. As of 0600H today, vessel operations has resumed. Yard and gate operations have continued throughout.

As usual, we will be monitoring the weather condition closely to properly assess terminal operations being mindful of protecting all personnel and cargo should strong wind gusts and heavy rain progress.

We will advise further changes to our operations, if needed.

Please keep safe.

Regards,

MICT Management
